SUPPLY LIST FOR

PALETTE

Disposable paper Palette
Optional: **Masterson 12x16 Artist's Palette Seal
Optional: Tupperware Covered Ice Cube Tray
(allows you to save more paint, while being able to store paint in freezer between use)

MISC.

Pen: Flair Brand felt pen or Tombo Brand felt pen
(both are water-soluble which makes it easy to "erase" your marks if necessary)

Brush Cleaner **

Master's Brush Cleaner and Preserver
Paper Towels

Hat or Visor and Sunscreen

2-4 photos to paint from in case of rain

Stool (optional, I usually stand)

3 legged folding camp stool type is most compact

Pizza Boxes

For transporting wet paintings, pizza boxes are ideal. Just go to your local pizzeria and buy the sizes that match your canvases.

Rubbermaid shelf liner

Pieces of that rubbery stuff work well under paintings in your trunk because it prevents them from sliding around

*Most important colors and all are available from Triangle Coatings

WORKING IN OIL

TRAVELLING EASEL

I recommend EZ-Go Artist's Gear (303)443-6190 www.Sun-Eden.com
The elements that I recommend are The Traveling Easel & the Easel Shelf. The shelf is the key item, and cannot be found easily anywhere else, believe me!
Optional: Side or rear mount
Accessory box(es)

ART BAG For Plane Travel

I strongly recommend the Studiopack Port, & Studiopack Port. Light. which can carry everything & be worn as a back pack. I often strap mine to a wheeled luggage carrier for back-relief on smooth terrain.

Important Note:

This is Erin's list of personal supplies. It is not demanded that you buy each and every item. Bring the supplies that you are most comfortable with and you will still have a great painting experience! French easels are also great if you live nearby or you can also simply sit on the ground and have your paints beside you.
